

Left Your Side

Tynisha Keli

Yo...

I seem to find myself in the same position

Make up, break up

Tell me

(I shouldve never left your side)

Why?

[Hook]

Why are you wishing that you never left my side?

When you left me all alone and now yu realize.

(I shouldve never left your side)

Cuz i dnt need you in my, No i dnt want yu in my life.

[Verse 1:]

I Understand that what we had was somethin real

Youll never find a new lover that makes you feel

the way that i do

but that was never enough

no i was never enough for you

spending you nights away from what you call a home

lying awake late at night with noone to hold

so what was i to do?

Just stay and play a fool, Pretend that things where Cool?

Things aint what they used to be

when all you did was lie to me

I was by your side you couldnt wait to leave

but now that your without me its so hard to breathe

tell me why. . . .

[Hook]

Why are you wishing that you never left my side?

When you left me all alone and now yu realize.

(I shouldve never left your side)

That i dnt need you in my, No i dnt need yu in my life.

Cuz you hurt me for the very last time

So you can sit and swallow every tear you cry so why

(I shouldve never left your side)

Cuz i dont need you in my, No i dnt want you in my life.

Tired of hearing that Im always gon be yours

Being in love shouldnt feel as if its a chore

Sorry im not her

She dnt compare to my love, i know you miss my love for you

Never let me come around when you was wit your friends
feel like im always gon be second to them, boy
Im not gon wait for you to recognize the truth
Already gave me proof, we're through
Now you wanna come back to me
After all that shit you couldnt be
Im anybody baby you just set me free
But now that your without me Its so hard to breathe
tell me why

[Hook]

Why are you wishing that you never left my side?
When you left me all alone and now yu realize.
(I shouldve never left your side)
That i dnt need you in my, No i dnt need yu in my life.
Cuz you hurt me for the very last time
So you can sit and swallow every tear you cry so why
(I shouldve never left your side)
Cuz i dont need you in my, No i dnt want you in my life.

[Verse 3]I, I, I, I dnt want you in my

I, I, I said i dnt need you in my

I, I, I Said i dnt want you in my

Said i dnt need you in my life life.

(Repeat)

[Hook]

Why are you wishing that you never left my side?
When you left me all alone and now yu realize.
(I shouldve never left your side)
That i dnt need you in my, No i dnt need yu in my life.
Cuz you hurt me for the very last time
So you can sit and swallow every tear you cry so why
(I shouldve never left your side)
Cuz i dont need you in my, No i dnt want you in my life.
(repeat)

[Ad-Libs:]

(I shouldve never left your side)

oohh ohhh

noo oohh ohhh

(I shouldve never left your side)

You shouldve never left my side
