# Like Wine

## Jordan Marcotte

Uh Baby our love is like wine
It just gets better with time
Cheers to you babe [x 2]

Uh Baby our love is like wine
It just gets better with time
Cheers to you babe [x 2]

Every day with you sugar is a reason to celebrate
And now after all we have come through babe you make it easy to give you praise
I lift my glass in the air and make a toast to our love and to the girl I love the most
Thankfully this is only the beginning

Uh Baby our love is like wine
It just gets better with time
Cheers to you babe [x 2]

Uh Baby our love is like wine
It just gets better with time
Cheers to you babe [x 2]

As the years go by, sugar
I promise to always keep every vow that I made to you that babe refuse to ever believe
I lift my glass in the air and make a toast to our love and to the girl I love the most
Thankfully this is only the beginning

Oh you know it
Uh Baby our love is like wine
It just gets better with time
Cheers to you babe [x 2]

Uh Baby our love is like wine
It just gets better with time
Cheers to you babe [x 2]

They save the best for the last
The best is yet to come now, sugar
Sweet [x 4] love of mine
Youâ€™re the love of mine sugar
Youâ€™re the love of my life

Sweet [x 4] love of mine
Youâ€™re the love of mine sugar
Youâ€™re the love of my life
Oh you are sweeter with time [x 2]
With you, one and only love of mine sugar
Youâ€™re the love of my life
Oh you are Sweeter with time [x 2]
With you, one and only

I love
Our love it gets sweeter with time
Our love
Oh our love gets sweeter with time

Uh Baby our love is like wine
It just gets better with time
Cheers to you babe [x 2]

Uh Baby our love is like wine
It just gets better with time
Cheers to you babe [x 2]

Uh Baby our love is like wine
It just gets better with time
Cheers to you babe [x 2]
