

Silent Militia

Devin Townsend Project

Haunted sacred now Do you believe we'll make it alright?

Woah yeah!

If we believe will it make it alright?

Woah yeah! Silent Militia! Soon we will fly

All these fears collide Say you wanna feel it? ...you better step up

So you wanna be it? ...you are a piece of me

Feel it? ... you'll wanna step up.

All you are is all that is me, and I will say it again: SILENT MILITIA All for the thrill of the kill of...

The world's only haunted sacred now Do you believe we'll make it alright?

Woah yeah!

If we believe will it make it alright?

Woah yeah! Do you think we should

Would you if you could? Say you wanna feel it? ...you better step up

So you wanna be it? ...you are a piece of me

Feel it? ... you'll wanna step up.

All you are is all that is me, and I will say it again: All for the thrill of the kill of the world's oldest haunted
sacred cow Do you believe we'll make it alright?

Woah yeah!

If we believe will it make it alright?

Woah yeah! Will you feel alright, will you feel alright will you feel alright when you're gone?

Will you feel alright, will you be alright will you feel alright when you're gone? Fire away! Fire away! Fire
away! Fire away!
