

Swan Song

Jessie Ware

Lose yourself in the glow,
Rise and fall, breath in slow.

Oh oh oh.

Left the sky paint it all,
Fall your eyes, fall our souls

Fall our souls.

Hear my swan song
Oh oh, it was my mistake

Catch a kiss now,

Swan song

Help me to escape.

You caused your spell,

With sorries told

Promises, will they unfall?

Hear my swan song
Oh oh, it was my mistake

Catch a kiss now,

Swan song

Help me to escape.

I still hope eyes will fall
Out the line, out the line

Help me glow

It's alright

It's alright.

Hear my swan song
Oh oh, it was my mistake

Catch a kiss now,

Swan song

Help me to escape.
