

Never Let Me Go

We Came As Romans

My body shivers at the thought of getting up
My heart is starting to accept that I am giving up
No strength left
Is it over yet?
Am I thinking with my heart or with my head?
Through distance, you remind me that Don't let me, don't let me, don't let me go So hold me close and never let
me, never let me go
At my lowest of lows, when I need you the most
So let's reverse, could you look for me, could you look for me first?
I will hold you close, I will never let you go
I will never let you go
I will never let you go My hands welcome yours as you begin to see me
My heart is starting to accept your rescue completely
This new life that you placed in my heart
I hope that I will make it through to you
And in my steps you will follow behind, Oh
Don't let me go! So hold me close and never let me, never let me go
At my lowest of lows, when I need you the most
So let's reverse, could you look for me, could you look for me first?
I will hold you close
I will never let you go. And if our lives reverse
And if you fall in first
I will hold you close
I'll never let you go
And if our lives reverse
And if you fall in first
I will hold you close
I'll never let you go So hold me close and never let me, never let me go
At my lowest of lows, when I need you the most
So let's reverse, could you look for me, could you look for me first?
I will hold you close, I will never let you go
I will never let you go
I will never let you go
