

# Shut Your Mouth

**B.B. King**

I work hard every day  
Do the same at night  
But still my baby  
Ain't treating me right Tell me baby, baby, baby, baby  
What can I do?  
Do I have to shut your mouth  
Just to get along with you? When I'm home at night  
I can't read a book  
Without you being huffed up  
Giving me a dirty look Tell me baby, baby, baby, baby  
What can I do?  
Do I have to shut your mouth  
Just to get along with you? She's so jealous, man  
Till it's a sin  
She don't even trust me  
Out with men Tell me baby, baby, baby, baby  
What can I do?  
Do I have to shut your mouth  
Just to get along with you?
