

# Seven Seas

## War Pigeon

Sitting by the window all day thinking of you  
Watching the days go by, I started to cry  
But they weren't tears of sadness they only meant I love you  
And I wanna tell you girl that I, oh, I'll travel 'round the seven seas for you  
It's written in the melody I adore you  
I wrote my love a symphony  
To show you there's nothing I won't do Baby I'll walk around the China Wall for you  
If there's a way I'll do it all for you  
Anything you want me to  
You know I would do People think I'm crazy, they say I'm just a nothing  
Letting my life pass me by, believing you're with me  
Well I can't speak for no one but in my heart I know you love me, yes  
And that's why I'll always tell you I, oh I, oh I, oh I'll travel 'round the seven seas for you  
It's written in the melody I adore you  
I wrote my love a symphony  
To show you there's nothing I won't do Baby I'll walk around the China Wall for you  
If there's a way I'll do it all for you  
Anything you want me to  
You know I would do I'll travel 'round the seven seas for you  
It's written in the melody I adore you  
I wrote my love a symphony  
To show you there's nothing I won't do Baby I'll walk around the China Wall for you  
If there's a way I'll do it all for you  
Anything you want me to  
You know I would do  
Baby, you know I would do, baby, you know I would do I'll travel 'round the seven seas for you  
It's written in the melody I adore you  
I wrote my love a symphony  
To show you there's nothing I won't do Baby I'll walk around the China Wall for you  
If there's a way I'll do it all for you  
Anything you want me to  
You know I would do
