If this was easy
Where would I be
I haven't said I have all the answers
How could anyone
Can't stop looking at the lights
All around my head
I'm missing the darker side
Of the man
He's on his knees
Looking for the door
But everybody's
Giving him applause
Crashed the car
Into a wall
But everybody's
Calling for more
It's called the end of rock and roll
These days are numbered
Counted out in loss
Faith and spirit
Walking hand in hand
To meet a wall
Made of sound
But where does that sound
Find a place today
Maybe we came to the wrong show
I've seen this before
It's called the end of rock and roll
Oh shadow take me
Leave nothing still
'Cause I've not seen the miracle
How could anyone
We ask too much of the song
To come and save our souls
When all it's trying to do now
Is save its own
Maybe we came to the wrong show
I've seen this before
Maybe we came to the wrong show

I've seen this before
It's called the end of rock and roll
It's called the end of rock and roll
