

Rock On The Radio

Firehouse

Rock
Come on
Turn it up
Come on
Turn it up
Come on
Rock
Turn it up
Rock
Yea yea yea yea
Yea yea yea yea
Yea yea yea yea
Yea yea yea yea
Yea yea
Every night and every day
I know what I need to get blown away
I turn it on to overload
And let the power of the sound explode
So come on
(Come on)
Everybody let's go
Turn it up
(Turn it up)
I just gotta have some more
(Gimme that)
Rock on the radio
(You turn it up 'till your speakers blow)
Rock on the radio
(Rock on)
(Come on come on everybody let's go)
Rock on
(Yea yea yea)
Rock on
Like thunder, like dynamite ya
You know I'm gonna blow my speakers up tonight
I'm ready, goin' all the way
'Cause rock on the radio is here to stay
So come on

(Come on)
Everybody let's go
Turn it up
(Turn it up)
I just gotta have some more
(Gimme that)
Rock on the radio
(You turn it up 'till your speakers blow)
Rock on the radio
(Come on come on, everybody let's go)
Rock on the radio
(You turn it up 'till your speakers blow)
Rock on the radio
(Come on come on, everybody let's go)
Yea
Rock on the radio
(You turn it up 'till your speakers blow)
Rock on the radio
(Come on come on, everybody let's go)
Rock on the radio
(Come on)
(You turn it up 'till your speakers blow)
Rock on the radio
(Come on)
(Come on come on, everybody let's go)
Rock on the radio
(Come on)
(You turn it up 'till your speakers blow)
Rock on the radio
(Come on)
(Come on come on, everybody let's go)
Rock on rock
(Rock)
