Under the Tracks

Creeper Lagoon

There is a place, it has a face and he was walking out the door
His mother said she was ashamed 'cuz he had no place to go
He was afraid and I was fine
He wanted peace of mindThree times done and you're gone, and you're gone
You are free, you are free
It's a long way homeWhat have we done?
Was it wrong, was it wrong?
Was it me? Can't you see?
It's a long way homeThere is a snake, he will awake and he will get you off the floor
You'll start to shake, you're friends will sweat
You are high, you will forget
She is afraid 'cuz you are dying, but you have got your peace of mindThree times done and you're gone, and you're gone
You are free, you are free
It's a long way homeWhat have we done?
Was it wrong, was it wrong?
Was it me? Can't you see?
It's a long way homeAnd I wanna make your dreams come true
It's all you
Gotta change your lonely ways
To make it throughYou found a place in outer space and you don't love anymore
Your lovely hand has slipped away and there is nothing left to say
And we were born of yellow sand, there is no plan, there is no endThree times done and you're gone, and you're gone
You are free, you are free
It's a long way homeAll along
I was wrong, I was wrong
It was me, can't you see?
It's a long way homeIt took a million lights to see her smile, but don't touch, it's too much
She'll break it and she'll send you home
Afraid of love, afraid you might get hurt
Well good luck, don't get stuck, turn around before you can't break up
