Something Good

ALTâ€“J

Something good, oh something good, oh something good
Oh something good tonight make me forget about you for nowGet high, hit the floor before you go,
Matador, estocado, you're my blood sportBut something good, oh something good, oh something good
Oh something good tonight make me forget about you for nowForty eight thousand seeds, please, send rose, for my memories of you,
Now that I'm fully clean, the matador is no more, he's dragged from viewOoooo (effect)Get high, hit the floor before you go,
Matador, estocado, you're my blood sport,
Forty eight thousand seeds, please, send rose, for my memories of you,
Now that I am clean, the matador is no more, is dragged from view
But something good, oh something good, oh something good
Oh something good tonight made me forget about you for now
