## Garbage

Won't you let me walk you home from school  
Won't you let me meet you at the pool  
    Maybe Friday I can  
    Get tickets for the dance  
    And I'll take you  
Won't you tell your dad, "Get off my back"  
Tell him what we said about "Paint It black"  
    Rock 'n Roll is here to stay

    Come inside where it's okay  
    And I'll shake you.  
Won't you tell me what you're thinking of.  
    And would you be an outlaw for my love  
    If it's so, then, let me know  
    If it's "no," well, I can go.  
    I won't make you.
