

# 40 Days

## The Band of Heathens

When I call in the morning  
Why don't you reply?  
'Cause you know I'd wait til' the evening  
When the sun has said goodbye When I'm home in the evening  
Won't you please come by  
Lay with me for an hour  
And watch the stars collide I've got something inside of me  
That just won't settle down  
But you've got me on my back  
My whole world's spinning around  
(Chorus)  
Forty days and forty nights  
Twenty lefts and twenty rights  
Fifteen songs and fifteen flowers  
Ten more ways to say that I love you (Instrumental) When you're home in the evening  
I cannot come by  
'Cause I'll be gone 'til the morning  
When the sun is shining high But I've got something inside me  
That just won't settle down  
You've got me on my back  
My whole world's spinning all around and around (Chorus x2)  
Ten more ways  
Ten more ways  
Ten more ways  
Ten more ways to say that I love you
