Untitled (Third Demo)

Interpol

You don't know how much I adore
this damp rag soaked in chloroform
It makes me so hard to ignore
cause I could never keep your attention
I'm not one to make threats
I've been reduced to promises
I lie to myself cause I do it best
I'm not honest with my intentionsSo when the blindfold starts to slip
and the rope starts to rip
and I slowly start to give
and girl, you know I'm sorryBut tonight I'll wait until I know you're fast asleep
to poison you with memories of you and me
I pray you die slowly so I can be the last thing you seeyou'll seeGirl you're busy and that's fine
but there's one thing I gotta get off my mind
I won't take too much of your time
I promise this won't last long
I used to be your biggest fan,
you used to say I was your man
Now if I can't have you no one can
I'll be the last boy you hang up onSo when the blindfold starts to slip
and the rope starts to rip
and I slowly start to give
and girl, you know I'm sorryBut tonight I'll wait until I know you're fast asleep
to poison you with memories of you and me
I pray you die slowly so I can be the last thing you seeoh you'll seeShe's losing consciousness
I'm gaining confidence
It's starting to make sense
She's covered in finger prints
From her lips to her hips
All I wanted was one more kissTonight I'll wait until I know you're fast asleep
to poison you with memories of you and me
I pray you die slowly so I can be the last thing you see
