

Roots Rocking

Aswad

Roots, roots rocking everyday
I and a Zion daughter is rocking to the dance tonight
Step and do it alright [unverified]
Roots rocking, roots rocking, roots rocking, roots rocking Oh no, you'll never let the music stop
I want just one more dance with you
So let the music play on and on, on and on and on
I say I feel vibrations, I wanna know
Are you feeling the same way too, oh little woman, are you? It's so nice, I wanna feel the same thing twice
It's so nice, I wanna feel the same thing twice Zion daughters, roots rocking to the roots reggae
Zion daughters, roots rocking to the roots reggae Wherever we go we know the trouble will find us
So pick us above, now woman a leave your worries behind you
Dance to the music 'cause you know that is fine
Even know a culture though they trying to hide In day only knew I would feel a when we dance to Jah music
One thing I know is they would love to feel it too
Tonight the feeling is fine, tonight the feeling alright So Mr. DJ don't stop the music
I said we're going on the way and we don't want no bus
Morning time comes we'll just get on that fast
No trouble no fuss, I and I Zion daughters, roots rocking to the roots reggae
Zion daughters, roots rocking to the roots reggae
Roots rocking, roots rocking, roots rocking, roots rocking
Roots, roots rocking everyday, no matter what they say
Roots, roots rocking everyday, no matter what them say
