Roots, roots rocking everyday
I and a Zion daughter is rocking to the dance tonight
Step and do it alright [unverified]
Roots rocking, roots rocking, roots rockingOh no, you'll never let the music stop
I want just one more dance with you
So let the music play on and on, on and on

I say I feel vibrations, I wanna know

Are you feeling the same way too, oh little woman, are you? It's so nice, I wanna feel the same thing twice It's so nice, I wanna feel the same thing twice Zion daughters, roots rocking to the roots reggae Zion daughters, roots rocking to the roots reggae Wherever we go we know the trouble will find us So pick us above, now woman a leave your worries behind you

Dance to the music 'cause you know that is fine

Even know a culture though they trying to hideIn day only knew I would feel a when we dance to Jah music One thing I know is they would love to feel it too

Tonight the feeling is fine, tonight the feeling alrightSo Mr. DJ don't stop the music

Roots rocking, roots rocking, roots rocking
