Marina del Rey

Lola Rhodes

I wanna make it go away,
I want you not to be afraid,
And if the walls keep crashing down,
I'll be the one who sticks around,
Dear.

I can be the who's strong,
I can be the one who follows alone,
And if the walls keep crashing down,
I'll be the one who sticks around,
Dear.

Let me love you all the way,
From New York City to Marina Del Rey,
I wanna feel what it's like,
To love you my entire life.

Ooh, ooh ooh.
Ooh, ooh ooh.

Loving you is like a dance,
You lift me up and spin me 'round with one glance,
I will return your love in full,
You'll be my push, I'll be your pull,
Dear.

Let me love you all the way,
From New York City to Marina Del Rey,
I wanna feel what it's like,
To love you my entire life.

Ooh, ooh ooh.
Ooh, ooh ooh.

And if the walls keep crashing down,
I'll be the one who sticks around.

Let me love you all the way,
From New York City to Marina Del Rey,
I wanna feel what it's like,

To love you my entire life.

I wanna feel what it's like,
To love you my entire life.

Ooh, ooh ooh.
Ooh, ooh ooh.
