Ups

Cocteau Twins

Shed our cold realityWe are low we are low
We are ups
WeLook up and see angels seeNow see inside me
Sheer and spooky
Never lose contact
Makes our life show up, show up
This place I have inside me I will learn to share
Yes you knowGet up all we had to now
We are low we are low
We are ups
WeLook up and now angel see
You have seen inside me
Sheer and spookyNever lose contact
Makes our life show up, show up
This place I have inside me I will learn to shareNever lose contact
Makes our life show up, show up
This place I have inside me I will learn to
Blessed my summering this wayBrr hana...? ? ?Never lose contact
Makes our life show up, show up
This place I have inside me I will learn to share
