

# Like You

## Gramme

Stay alive, soft, dark and dreamless  
Far beneath my nightmares and loneliness  
I hate me for breathing without you  
I don't want to feel anymore for you Grieving for you, I'm not grieving for you  
Nothing real love can't undo  
And though I may have lost my way  
All paths lead straight to you I long to be like you  
Lie cold in the ground like you Halo blinding wall between us  
Melt away and leave us alone again  
Humming haunted somewhere out there  
I believe our love can see us through in death I long to be like you  
Lie cold in the ground like you  
There's room inside for two  
And I'm not grieving for you  
I'm coming for you You're not alone  
No matter what they told you  
You're not alone  
I'll be right beside you forevermore I long to be like you, sis  
Lie cold in the ground like you did  
There's room inside for two  
And I'm not grieving for you And as we lay in silent bliss  
I know you remember me I long to be like you  
Lie cold in the ground like you  
There's room inside for two  
And I'm not grieving for you  
I'm coming for you
