

I Kissed A Boy

Duolicious

(Chorus)

I kissed a boy for the very first time
Can't explain this feeling going out of my mind
I kissed a boy and it made me feel fine
I'll remember this moment until the end of time

I kissed a boy, yeah yeah

I kissed a boy, yeah yeah

Always on the road all of the time

Can't seem to get that kiss out of my mind

Can't seem to get that kiss out of my mind

Can't wait to get home and be with him soon

Walk him home from school like we used to do

Gotta tell someone about it

Gotta raise my voice and shout it

Time for me to celebrate and share it with the world

(Chorus)

From the first time that I saw you, you had my heart

(You had my heart)

I was totally mesmerized right from the start (right from the start)

Can't begin to tell you how you changed my life

All I do is think about you day and night

Gotta tell someone about it

Gotta raise my voice and shout it

Time for me to celebrate and share it with the world

I kissed a boy for the very first time (very first time)

Can't explain this feeling going out of my mind

I kissed a boy and it made me feel fine

I'll remember this moment until the end of time

All I do is talk about you

Every night I dream about you

You and me together babe

I want you for my boy

All I wanna hear you say is you will be my boy someday

The moment that I kissed you boy

I had to tell the world

(Chorus)

I kissed a boy, yeah yeah
