

# Walls

## Hearts and Flowers

Hey there, it's good to see you again  
It never felt right calling this just friends  
I'm happy if you're happy with yourself  
    Take off your shirt, your shoes  
    Those skinny jeans I bought for you  
    We're diving in, there's nothing left to lose  
I'm gonna break down these walls I built around myself  
    I wanna fall so in love with you and no one else  
    Could ever mean half as much to me as you do now  
    Together we'll move on, just don't turn around  
        Let the walls break down  
    I used to wear you like a ball and chain  
    I'd run and hide at the call of my name  
    It was obvious, you were too much for me  
    Oblivious, I was young and horny  
    In retrospect, I wouldn't do it again  
    Stop talking shit to every one of your friends  
    I'm not the same boy you knew back then  
'Cause I can break down these walls I built around myself  
    I wanna fall so in love with you and no one else  
    Could ever mean half as much to me as you do now  
    Together we'll move on, just don't turn around  
        Let the walls break  
    I can't breathe, my body's shaking  
    You got a way with the way you take me  
    'Cause you break me down  
    You know you break me down  
I'm gonna break down these walls I built around myself  
    I wanna fall so in love with you and no one else  
    Could ever mean half as much to me as you do now  
    Together we'll move on, just don't turn around  
        Let the walls break down  
(I'm gonna break down these walls I built around myself)  
        Let the walls break down  
(I'm gonna break down these walls)  
        'Cause you break me down  
('Cause you break me down, 'cause you break me down)  
        Let the walls break down
