Take A Message

Remy Shand

How did she fall in love,
Tired and shaken up ,
Could it be hangin' around's enough
No one was foolin' when we're told about the sense and sensibilty in movin' onALL that I see is that we're livin' life
Did you fail when you found that you paid the price,
Hope it wasn't lost in an honest truce
The past doesn't break all that we been through
Every little thing that you did was right
Who knows what you did on the day you cried endlessly 0oo you cried endlesslyTake a message from my love,
Take a message from my love Take a message
Take a message from my love, Take a message from my love Take a message
Take a message from my love, Take a message from my love Take a message
Take a message from my love, Take a messageWhat, could I say to you, oh, when makin' the waves was left unconcious...I didn't mean to tell you why, oh whyyy
But you harbored all defenses
And you're makin' it hard to bring that hope back, for you and IALL that I see is that we're livin' life
Did you fail when you found that you paid the price,
Hope it wasn't lost in an honest truce
The past doesn't break all that we been through
Every little thing that you did was right
Who knows what you did on the day you cried endlessly Ooo you cried endlesslyTake a message from my love,
Take a message from my love Take a message
Take a message from my love, Take a message from my love Take a message
Take a message from my love, Take a message from my love Take a message
Take a message from my love, Take a messageALL that I see is that we're livin' in life
Did you fail when you found that you paid the price
Hope it wasn't lost in an honest truce
The past doesn't break all that we been through
Every little thing that you did was right
Who knows what you did on the day you cried endlessly ooo you cried endlesslyTake a message from my love,
Take a message from my love Take a messageTake a message from my love, Take a message from my love Take a messageTake a message from my love, Take a message from my love Take a messageTake a message from my love, Taske a messageTake a message from my love, Take a message from my love Take a message
Take a message from my love, Take a message from my love Take a message
Take a message from my love, Take a message from my love Take a message
Take a message from my love
