

# Take Back

## Adam Lambert

Advisory - the following lyrics contain explicit language:

All you ever think is "Gimme, gimme"  
But you never give back (eh eh eh)  
All I ever do is over think and drink  
Until I attack (eh eh eh) We know how to talk it into the ground  
We know how to wear it out  
If we ain't gon' say that  
Gonna end up in a grave and baby How do we take back what's been done,  
What's been said, oh my  
How do we take back?  
'Cause no one wins  
When love breaks down, we both die  
I would give anything just to chase the dark away  
And start all over again  
How do we take back what's been done,  
What's been said, oh my  
Hey I fed you a fantasy  
But you've been drunk on reality (eh eh eh)  
All you want is to be wanted  
As long as you get it out of me (eh eh eh) We used to be a jungle, sticky and wild  
It used to be we owned the night  
All the stupid games we play  
And all the shit that we've been sayin'  
(Eh eh eh) How do we take back what's been done,  
What's been said, oh my  
How do we take back?  
'Cause no one wins  
When love breaks down, we both die  
I would give anything just to chase the dark away  
And start all over again  
How do we take back what's been done,  
What's been said, oh my Remember, remember the first time we collided  
We lost it, we lost it

Yeah!How do we take back what's been done,  
What's been said, oh my  
How do we take back?  
'Cause no one wins  
When love breaks down, we both die  
I would give anything just to chase the dark away  
And start all over again  
How do we take back what's been done,  
What's been said, oh myOoh my  
How do we take back
