Verse:

Mary was a little girl in the summer of 63,

She had her whole life ahead of her, and she knew what she wanted to be...

Well everything happens for a reason so they say,

Then that year when her daddy died, she almost lost her way...

Chorus:

But Mary had Grace, Mary had pride,

She knew who she was down deep inside...

And she stood tall through it all

And she found her way...

'Cause Mary had Grace.

Verse:

Many years down the road she'd found the love of her life,

A big wedding and a little girl named 'Grace', it seemed so right...

But four years later the walls they built just started to fall apart,

And Mary thought she was all alone to mend her broken heart...

Chorus:

But Mary had Grace, Mary had pride,

She knew who she was down deep inside...

And she stood tall through it all,

And she found her way...

'Cause Mary had Grace.

Bridge:

Being a single mom aint always been so bad,

When things get rough, she looks at all she has...

Chorus:

Mary has Grace, Mary has pride,
She knows who she is down deep inside...
And she'll stand tall through it all
And she'll find a way...Yeah she'll find a way....

Lead...

Chorus:

Mary has Grace, Mary has pride,
She knows who she is down deep inside...
And she'll stand tall through it all
And she'll find a way
'cause Mary has Grace.
