

Julia

PavlovÂ´s Dog

Julia you set the standards for me
Walk to your door
Beggin for it just to be more andJulia I couldn't do much better than you
Said so yourself
I wouldn't want anyone elseAnd I can't live without your love
And I can't live without your love
Well I can't live without youJulia oh you're drivin me crazy
But I'm a...I'm a part of your plans
Oh just a man while your dreams be
You're just a part of me
Oh please see how much how much you mean to me
Please see how much how much you mean to me JuliaAnd Julia straight away you've had me
And I know I've had you
You're a part of me tooAnd I can't live without your love
And I can't live without your love
Well I can't live without you JuliaAnd I can't live without your love
And I can't live without your love
Well I can't live without you Julia
