

# Shadows Of Society

## The Supremes

Rich man and poor, beggar and thief  
Searching in the darkness  
For a light to show the way  
Each seeking his identity Protect me from my brother please  
They pray  
Afraid and so alone  
Tell me where have all the loving people gone They're lying here with you and me  
Buried in the shadows of society Young mothers' faces filled with shame  
It's not enough to give her baby life, they say  
Each child must have a proper name  
Or they'll never be allowed to see the light of day Wrong, right or wrong  
Tell me where has understanding gone Where have all the loving people gone  
Where has understanding gone  
Here they are with you and me  
Buried in the shadows of society Once someone said  
'Let there be light'  
What good is light  
If we've forgotten how to see It's gone  
The light is gone  
Where is the light of love  
To lead us on As I rush through the shadows  
Seeking me  
May the torch of love  
Light my way Where have all the loving people gone  
Where has understanding gone Once someone said  
'Let there be light'  
What good is light  
If we've forgotten how to see It's gone  
The light is gone  
Where is the light of love  
To lead us on As I rush through the shadows  
Seeking me  
May the torch of love  
Light my way
