

# Stay Hungry

## Rasmus Kellerman

Are you feeling the fire  
Are you ready to explode  
Are your dreams and desires  
Riding down an open road  
I'm like a runaway  
A heart without a home  
Others can laugh and play  
I'll fight for every inch I take  
I'm desperate to the bone  
Stay hungry, feel the fire  
Stay hungry, don't explode  
Stay hungry, with desire  
Stay hungry, you're alone  
Be the hunter and the hunted  
Keep your target in your sight  
Don't be side tracked or shunted  
Let pretenders feel your bite  
And if you start to slide  
Never show you're weak  
Don't feel you've got to hide  
Remember what you're fighting for  
Remember what you seek

Stay hungry, feel the fire  
Stay hungry, don't explode  
Stay hungry, with desire  
Stay hungry, you're alone  
If your fire is faded  
And you can't feel it no more  
If you're tired and over-rated  
Let me show you to the door  
Expect no sympathy  
There's none to be had  
Open your eyes and see  
There's no room for the wannabe's  
The has-beens or the bad  
Stay hungry, feel the fire  
Stay hungry, don't explode  
Stay hungry, with desire

Stay hungry, you're alone  
Stay hungry, feel the fire  
Stay hungry, don't explode  
Stay hungry, with desire  
Stay hungry, you're alone
