

Boomerang

Fastball

Amy's going out with John, now she's dating Paul
Paul was dating Kelsey
And Kelsey used to go out with me
After I broke up with AmyEverybody's had, everybody's had everybody
Everybody's had, everybody's had everybody
Once or twiceHey, you better watch what you say
People love to talk, people love to gossip
Everbody's going around
And it's a hungry town, it's a leaky faucetEverybody knows, everybody heard what you said
Everybody knows, everybody heard what you said
Everybody knows, everybody heard what you said
Everybody knows, everybody heard what you saidIt's a boomerang
It's a boomerang
It's a boomerang
It's a boomerangIt's a boomerang, it's a boomerang
It's a boomerang, it's a boomerang
It's a boomerang, it's a boomerang
It's a boomerang, it's a boomerang
It's a boomerang, it's a boomerangEverybody knows, everybody heard what you said
Everybody knows, everybody heard what you said
Everybody knows, everybody heard what you said
Everybody knows, everybody heard what you said, said
