

Blue and Lonesome

Memphis Slim

Lonesome
Im just a lonesome child
Well im lonesome
just a lonesome child Every guy i know is trying to drive me wild
Baby dont mistreat me, im A long way from home
And you dont mistreat me a long way from home
Everybody i know trying to treat me wrong I love my baby
I had to leave her behind
Well I LOOOOVE my baby
Had to leave her behind
She went out with another man
Lonesome all the time (tell 'em about it murphy!)....
I wanna tell you baby
Dont try to use me as your toy
I wanna tell you baby
Dont try to use me as your toy
I think ive been mistreated
And now i'm a lonesome boy
