

# Satan Made the Deal

## The (International) Noise Conspiracy

And it's always safer with the old time explanations.  
A runaround of senses and cultural situations.  
I'm glad to say that darling we're just like them.  
Patty Haerts and Charles Manson take a look at your game. It was Satan who made the deal.  
It was something that wasn't real.  
It was Satan who made the deal.  
Cause honey you're just like me.  
And honey I'm just like you.  
Just a sum of all the parts.  
Everything that makes you move.  
And it's not a matter of another perspective.  
The answer lies right there you're just too afraid to get it.  
And it's safe to say that honey we're all born the same.  
Guy Debord and Sammy Davis come on what's your name. It was God who made the deal.  
It was something beyond you and me.  
It was God who made the deal.  
Cause honey I'm just like you.  
And honey you're just like me.  
Not really good or bad.  
Just something in between.  
It was Satan who made the deal.  
It was something that wasn't real.  
It was Satan who made the deal.  
It was Satan who made the deal.  
Cause honey you're just like me.  
And honey I'm just like you.  
Just a sum of all the parts.  
Everything that makes you move.
