

2 Atoms In a Molecule

Noah & The Whale

Last night I had a dream we were inseperably entwined,
Like a piece of rope made out of two pieces of vine,
Held together, holding each other with no one else in mind,
Like two atoms in a molecule inseperably combined.

Ba ba ba,
Ba ba ba.

But then I woke from a dream, to realise I was alone,
A tragic event I must admit, but lets not be overblown,
I'm not trying to write a love song, just a sad pathetic moan,
And maybe I just need a change, maybe I just need a new cologne.

Ba ba ba,
Ba ba ba.

Now I look a lot like being stabbed in the heart,
You talk to each other from day to day and then one day you part,
Most the time it's misery but there's some joy at the start,
And for that I'd say it's worth it just as you make this short and sharp for me.

Ba ba ba,
Ba ba ba.

If love is just a game, then how come it's no fun,
If love is just a game, how come I've never won,
I guess maybe it's possible I might be playing it wrong,
And that's why everytime I role the dice I always come undone.

Ba ba ba,
Ba ba ba,
Ba ba ba,
Ba ba ba,
Ba ba ba,
Ba ba ba,
Ba ba ba,
Ba ba ba.
