Hey, the chances I must waste
Hey, ever dirt even there month got a car
Here's what it takes (x4)
 Paper chase is on
 These are on my speed
 For he warbled
 Bought arachnophobe
 On the tiara, by the gin's rack
 Paper chase is on
These are on my space
Paper chase is on hey, the chances I must face
These are on my speed oh, you warbler
 For he warbled hey, that's by the car
 Bought arachnophobe
 On the tiara
 By the gin's rack
 Paper chase is on
 These are on my space
 Abandon ship
 I watch him trail (x4)

Hey, for eight means paper chace paper warm beings means the paper chace
 For our time being's for our time being's never changes this

Never changes this (x2)
Here's what it takes (x6)
Paper warm beings means the paper chace here's what it takes
 For a time piece never changes this
 (x3)

Here's what it takes
Hey, for eight means paper chase
 For our time being's never changes this
