

I Will Be There

Eric Clapton

When times are hard and friends are few
And you need someone to help you through
Just call my name and I will come running to your side
Don't be afraid, don't be afraidI will be there
 I will be there
 I will be there
I will be thereWhen morning comes and nothing's changed
 And the world outside plays the same old game
 Just call on me and I will ease your lonely heart
 Don't be afraid, don't be afraidI will be there
 When you are lost in the night
 No where to turn
 I will be there
 Don't be afraid, don't be afraid
 I will be there
 Don't be afraid
 I will be there
When every one that you believe still lets you down
 I will be there
 Don't be afraid, don't be afraid
 Will be there
 Don't be afraidJust call my name
 And I will come running to your side
 Don't be afraid, don't be afraidI will be there
 When you are lost, lost in the night
 No where to turn
 I will be there
 Don't be afraid
 Don't be afraid
 Don't be afraid
 Don't be afraid
I will be thereWhen everyone that you believe still lets you down
 I will be there
 Don't be afraid, don't be afraid
 Don't be afraidWhen you are lost, lost in the night
 No where to turn
 Don't be afraid
 Don't be afraid
 Don't be afraid
