

Can I Stay Here Forever?

Starfield

Through forgotten convictions
Misplaced affection
I'm losing the sound of Your voice I've been chasing after emptiness
Trying to tidy up this mess
I swear I've been down this road before I want to get back to where it all began
When I would long for only You Like a child, I'll take You at Your word
As these mountains of doubt, they fade away
I'm longing to trust and love You more So, for me this is beautiful
A brand new thought and a brand new world
Can I stay here forever here with You? I've lost sight of what first drew me
To the love that pursued me
The joy that inspired my song The friendship that was all I knew
The arms that I would fall into
Seem miles and years from where I am today I got to get back to where it all began
When I would wait for only You Oh Lord, like a child, I'll take You at Your word
As these mountains of doubt, they fade away
I'm longing to trust and love You more So, for me this is beautiful
A brand new thought and a brand new world
Can I stay here forever here with You? Can I stay here forever, here with you?
Surrounded by Your mercy, clothed in Your truth
Always, I'll stay, always here with You Can I be here forever, here with You?
Can I know what it's like to deeply love You?
Always, Lord, let me stay, always, here with You Like a child, I'll take You at Your word
As these mountains of doubt, they fade away
I'm longing to trust and love You more So, for me this is beautiful
A brand new thought and a brand new world
Can I stay here forever here with You?
Can I stay here forever here with You?
