Kill Me Again

Brokencyde

You tried to kill me when I'm already dead, now I wont survive
So tell me, what do you want from me? Cause I've already tried.
Rip my heart to pieces! and tell me how I'll never die! ya dont...
Rip my heart to pieces, and tell me, feel the pain inside! before,
Rip my heart to pieces! and tell me how I'll never die! ya don't...
Rip my heart to pieces, and tell me, feel the pain inside!
(Rip my heart to pieces! and tell me how I'll never die! ya don't...
Rip my heart to pieces, and tell me, feel the pain inside! [x2])
Kill me again, I want you to lead, I'll die in your arms so you can be next to me.
Kill me again girl, hope that I die cause when you're with me I feel so alive. [x2]
You've tried to kill me, and tried to do it again, cause I will not die! (want chu next to me)

I'm bleeding, I think I'm dying tonight and you will never cry.
(Why don't chu ever)
Rip my heart to pieces! and tell me how I'll never die! ya don't...
Rip my heart to pieces, and tell me, feel the pain inside! before,
Rip my heart to pieces! and tell me how I'll never die! ya don't...
Rip my heart to pieces, and tell me, feel the pain inside!
Kill me again, I want you to lead, I'll die in your arms so you can be next to me.
Kill me again girl, hope that I die cause when you're with me I feel so alive.
Kill me again, I want you to lead, (you lead me)
I'll die in your arms so you can be next to me. (your stupid)
Kill me again girl, hope that I die (I'm dying!)
Cause when you're with me I feel so alive.
