

House Party

CeCe Peniston

Let the party beep, let the party bump
Let the party bump, let the party beep
Let the party bump Tonight's the night I'm feelin' right
You know there's a party on in my neighborhood
We're bumpin' to the music
'Cause the beat is strong
Like a party should, party should Everythin's gettin' real crazy
From the way more men tryin' to play me
But it's all good
Niggas in the houses got the flavor
Wakin' up all the neighbors
We're havin' lots of fun It's a house party
It's a house party
'Cause the house party just don't stop The girls are here and I'm with my crew
And I'm feelin' good
Chillin' in the place outside
This is where the party's at
Yes, my grooves are bad Hangin' out with all the brotha's
Ain't tryin' to get under no covers
I'm just feelin' good
My eyes are peekin' baby, in the corner
A second look, someone was gettin' up on him
Like I knew they would It's a house party
It's a house party
'Cause the house party just don't stop Give it up, give it up, give it up
We're havin' a real good time
Give it up, give it up, give it up
We're havin' a real good time Wave your hands in the air
And wave 'em like you just don't care
(It's a house party)
'Cause you know it's a house party Let the party beep, let the party bump
(It's a house party)
Let the party beep, let the party bump
Let the party beep, let the party bump
(It's a house party)
Let the party beep, let the party bump Let the party beep, let the party bump
(It's a house party)
Let the party beep, let the party bump
Let the party beep, let the party bump

(It's a house party)

Let the party beep, let the party bumpLet the party beep, let the party bump

(It's a house party)

Let the party beep, let the party bump

Let the party beep, let the party bump

(It's a house party)
