

# We Are the Light

## Unspoken

We can hear it every day  
There's a call we can't escape  
From the closest corners, to the furthest borders  
Send us out beyond the walls  
To illuminate the ones in the back street alleys  
In the hopeless valleys  
We'll bring the truthTo the darkest places into the shadows  
Into the heart of the battle  
We don't have to fear the night  
Cause we are the light  
We are the light  
We carry the fire into the cold  
To the ends of the earth we'll go  
Together take on the night  
Cause we are the light  
We are the light  
Time to move against the grain  
We will run and not grow faint  
Cause the hour is heavy and the fields are ready  
Filled with power forged in faith  
As the heavens start to break  
Let the darkness scatter and strongholds shatter  
Love is the answer we takeTo the darkest places into the shadows  
Into the heart of the battle  
We don't have to fear the night  
Cause we are the light  
We are the light  
We carry the fire into the cold  
To the ends of the earth we'll go  
Together take on the night  
Cause we are the light  
We are the light  
Light it up, light it up  
Let Your light shine  
Light it up, light it up  
Let Your light shine  
Light it up, light it up  
This is our time  
We are the light, we are the lightLight it up, light it up

Let Your light shine  
Light it up, light it up  
Let Your light shine  
Light it up, light it up  
This is our time

We are the light, we are the lightTo the darkest places into the shadows

    Into the heart of the battle  
    We don't have to fear the night  
        Cause we are the light

    We are the light  
    We carry the fire into the cold  
    To the ends of the earth we'll go  
        Together take on the night  
        Cause we are the light

    We are the lightLight it up, light it up  
        Let Your light shine  
        Light it up, light it up  
        Let Your light shine  
        Light it up, light it up

    This is our time

We are the light, we are the lightLight it up, light it up

    Let Your light shine  
    Light it up, light it up  
    Let Your light shine  
    Light it up, light it up  
    This is our time

    We are the light, we are the light
