

Dynamo

Si Cranstoun

Someone that can generate a super-surge of energy.
Somebody to put me straight, someone to break the chains on me. Its been a long hard quest, to all my loneliness,
But seems Ive finally passed the test,
So let the volt meters go, 'cause she said she loves me. | Oh oh oh oh oh, shes the girl they call Dynamo,
| Yeah eh eh eh eh, she got a power grid of electricity!
| Oh oh oh oh oh, whenever she kiss me,
| Brrrrrrr It hits me, Dynamatic Dynamo! Somebody to generate a lot of lovin in my soul,
Somebody to celebrate the Jackie Wilson Rock n Roll!
Because shes oh so sweet Shes my Reet Petit,
She can move my dancing feet, so let the volt meter go,
cause she said she loves me! | Oh oh oh oh oh, Shes the girl they call Dynamo,
| Yeah eh eh eh eh, she got a power grid of electricity!
| Oh oh oh oh oh, whenever she kiss me,
| Brrrrrrr It hits me, Dynamatic Dynamo! She likes her old 'Doo-wop' and she won't ever stop,
And she can rock around the clock, so let the volt meter go,
'cause she said she loves me! | Oh oh oh oh oh, Shes the girl they call Dynamo,
| Yeah eh eh eh eh, she got a power grid of electricity!
| Oh oh oh oh oh, whenever she kiss me,
| Brrrrrrr It hits me, Dynamatic Dynamo!
| Whenever she kiss me,
| Brrrrrrr It hits me, Dynamatic Dynamo!
