

# Sign of Satan

## Warlock

See the evil signs  
See some bloody crimes  
Now hell's just begun  
Satan's having funEvery house in the street  
Has evil seeds  
The nature of the beast  
Is in our breastSee some children cry  
See young women die  
In your neighbourhood  
Streets are full of bloodEvery house in the street  
Has evil seeds  
The nature of the beast  
Is in our breastWatch out  
No-one will listen to your  
Watch out  
Crying  
Watch out  
No-one will listen to your  
Watch out  
DyingSee some madman's eyes  
They tell you no lies  
A million little knives  
Destroy a million livesEvery house in the street  
Has evil seeds  
The nature of the beast  
Is in our breastWatch out  
No-one will listen to your  
Watch out  
Crying  
Watch out  
No-one will listen to your  
Watch out  
Your dyingWatch out  
No-one will listen to your  
Watch out  
Crying  
Watch out  
No-one will listen to your  
Watch out

Your dying  
Watch out!
