

I Don't Wanna Talk About It Now

Emmylou Harris

God knows how I love you
Like a user needs a drug
And I'll never be free of ya
You are poison in my blood
I tried to swim that river
And get to higher ground
But I've been three times under
The next one'll see me drown
But I don't want to talk about it now
I don't want to talk about it now
I don't want to talk about it now
I wanna go down
God knows why you don't want me
No one would do the things I do
But to my grave, it's gonna haunt me
How I got down on my knees for you
You are my obsession
And the reason that I live
You already got my soul
There's nothing left to give
But I don't want to talk about it now
I don't want to talk about it now
I don't want to talk about it now
I wanna go down
I don't want to talk about it
I don't want to talk about it
The Devil is deep water, baby
And I'm in way over my head
But I'd be drawn and quartered
If I could keep you in my bed
I can't break this spell
I know the trouble that I'm in
But if I got out of the mouth of Hell
I'd walk right back again
So I don't want to talk about it now
I don't want to talk about it now
I don't want to talk about it now
I wanna go down
I wanna go down

I wanna go down
