

# Taxi Driver

## Hanoi Rocks

I'll be a taxi driver for you honey, take you anywhere you want to  
I'll be a taxi driver for you honey, take you anywhere you want to  
Just call on me, I'll take you anywhere you want to I'm a milkman for you, babe, I'll milk you anytime you want  
to  
I'll be a milkman for you, babe, I'll milk you anytime you want to  
Just call on me and you can milk me if you want to Just call me on the telephone  
Well then baby I wasn't at home  
Sometimes you reach me, sometimes you don't  
Sometimes when I'm all alone I'll be a taxi driver for you honey, take you anywhere you want to  
I'll be a taxi driver for you honey, take you anywhere you want to  
Call me up, I'll take you anywhere you want to Call me on the telephone  
I wasn't at home  
Sometimes you reach me, sometimes you don't  
Darling when I'm all alone, no, no Just call me on the telephone  
Baby I said stop I wasn't at home  
Sometimes you reach me, sometimes you don't  
Sometimes when I'm all alone You can call me on the telephone  
[Incomprehensible] I wasn't at home  
Sometimes you reach me, sometimes you don't  
Sometimes when I'm all alone I'll be your taxi driver  
I'll be your taxi driver  
Yeah I drive
