## (Hed) P. E.

G.I.Joe boy, monkey suit man
Shamu, five O, flatfoot motherfucker
Make less money than a damn school teacher
Ignorant redneck, squeal, squeal, squeal
I'm gettin' tired of dealin' with the P I G C O W A R D
Cro magnum, meter maid fed, cinder block head
How to serve and protect everything that you hate?
Wait, your pencil neck's about to break
Coward, coward
What's with that chip on your shoulder?
What's with that chip on your shoulder?
Vacuum brain dead
Oink, oink and corn fed
No action seein'
Glorified security guard causin' more trouble
Than you find on your silly beat, useless and integrated
The hate and race war you perpetuate will soon end
Then, you'll be unemployed, checkin' my I.D. for a livin'
Fucked up, insecure, power struck excuse for a pig
Smell the bacon fryin', see it dyin' in my nice dreams
Slice these officers bleedin' from the cap that me just twisted back
Slap
Coward, coward
What's with that chip on your shoulder?
What's with that chip on your shoulder?
What's with that chip on your shoulder?
What's with that chip on your shoulder?
