Pacemaker

E.Town Concrete

Stay, keeps me on my feet
Stay, makes my heart beat
Stay, keeps me on my feet
Stay, makes my heart beat, stay, stayWhen you're born with pain it always remains
No matter how your life changes, it never fades
If I could cry until the world stops turning
To give me some time to think, my insides are still burningWhat the fuck is wrong with me?
I got a ticking time bomb in meBlock your teardrops, stop, lock your handle
The world don't stop, boy, the world don't stand still
Block your teardrops, stop, lock your handle
The world don't stop, boyWhat the fuck is wrong with me?
I got a ticking time bomb in me
Happiness is gone from me
Will I be who I think I should be?
Nothing's ever as good as it seems
Nothing's ever as good as it seems, noBlock your teardrops, stop, lock your handle
The world don't stop, boy, the world don't stand still
Block your teardrops, stop, lock your handle
The world don't stop, boyTick-tock, tick, tick-tock
Tick, ticking, ticking
Tick-tock, tick, tick-tock
Tick, ticking, tickingStay, keeps me on my feet
Stay, makes my heart beat
Stay, keeps me on my feet
Stay, makes my heart beatBlock your teardrops, stop, lock your handle
The world don't stop, boy, the world don't stand still
Block your teardrops, stop, lock your handle
The world don't stop, boyWhat the fuck is wrong with me?
I got a ticking time bomb in me
Happiness is gone from me
Chasing those perfect dreamsWhat the fuck is wrong with me?
Got a ticking time bomb in me
Nothing's ever as good as it seems
Nothing's ever as good as it seems
