

I Can Wait

MIKESCHAIR

Oh, the night is dark and the road is hard.

Lord, my heavy heart is about to break. I'm face to face with a need for faith. Give me eyes to see past the day.

Cuz where we see out, gravity hurts when i get knocked down. Don't need to know why, give me the faith to
know you're on the time and not a second late.

So, I can wait.

I can wait and I can wait, you're right on time and not a second late.

I can wait.

Lead me by your truth, that will never move.

Cuz i need a light that will never fade.

Lord, your plans are for me, even when I can't see the whole story. Give me eyes to see past day.

Cuz where we see out, gravity hurts when I get knocked down. Don't need to know why, give me the faith to
know you're on time and not a second late.

So, I can wait...

I can wait,

I can wait, You're right on time and not a second late.

So, I can wait.

I can wait.

Through the fire, through the rain, through the joy and through the pain. Through all I can wait, cuz Thank God
for your love for me.

Cuz when we see out, gravity hurts when I get knocked down. Don't need to know why, give me the faith to
know you're on time and not a second late.

Cuz when we see out, when gravity hurts when I get knocked down. Don't need to know why, give me the faith
to know you're on time and not a second late.

So, I can wait.

I can wait, I can wait, you're right on time and not a second late.

I can wait.

So, I can wait...
