Coroner

Acted situation
Cheap shadowplay, sold expensive
Triumph of a dying cultureRotten core
Surrounded by the
Faceless circle stream
Rolls like the boom
Of giant granite cylinders
Exposed victims and their hopeless runs
Breathe in dust with a boot in their neck
The fear in their eyes
Make spectators hearts
Beat the slow rhythm
Of executed "justice"Spiral progress, unstoppable
Exhausted sources
Replaced by perversionNow we come down
Down there to the realm of blood
Diving in seas of
Putrified bodies
