

# Charm Assault

## Ride

Focused raw reptilian ambition  
From the dark side where it's all a game  
As the pieces move into position  
Did you feel a flicker in your brain Charm assault  
Get out of my brain  
You can leave but  
The truth will always remain  
Your charm assault  
Has scarred the world  
It looks so ugly  
As your lies begin to unfurl Acid sweating hunchback apparition  
Privilege abused at every turn  
Serious as a heart attack he's standing  
He sets a fire to your world and lets it burn  
Charm assault  
Get out of my brain  
You can leave but  
The truth will always remain  
Your charm assault  
Has scarred the world  
It looks so ugly  
As your lies begin to unfurl Charm assault  
Get out of my brain  
You can leave but  
The truth will always remain  
Your charm assault  
Has scarred the world  
It looks so ugly  
As your lies begin to unfurl  
Charm assault  
Get out of my brain  
You can leave but  
The truth will always remain  
Your charm assault  
Has scarred the world  
It looks so ugly  
As your lies begin to unfurl
