

# Isolation

[Ann Wilson](#)

(John Lennon)[Originally by John Lennon]People say we got it made don't they know we're so afraid

We're afraid to be alone, everybody got to have a home

IsolationJust a boy and a little girl

Trying to change the whole wide world

IsolationAll the world is a little town

Everybody trying to put us down

Isolation

I don't expect you to understand

After you caused so much pain

But the again you're not to blame

Your just a human, a victim of the insane

We're afrain of everyone, afraid of the sun

IsolationThe Sun will never disappear

But the world my not have many years

Isolation
