

Body and Blood

Ghost B.C.

This grave hill stinks of death
A reek from the ground
Catches whiff of the hound
A dead one's breath
The casket lid is cold
Waiting inside
Is someone petrified
That odor's old
His body and blood
Sharing in common
His body and blood
His body and blood
Serving Messiah
His body and blood
Sharing in common
His body and blood
His body and blood
Serving Messiah
Son of God
The bitter taste is sweet
So eat Nazarene
And you kiss the obscene
Anointed feet
His body and blood
Sharing in common
His body and blood
His body and blood
Serving Messiah
His body and blood
Sharing in common
His body and blood
His body and blood
Serving Messiah
Son of God
Receive, consume
Receive, consume
Digest
Defecate
His body and blood
Sharing in common
His body and blood
His body and blood
Serving Messiah
Son of God
