

Best Love

Steve Martin

Things were nice in California
Loved our trip out to the coast
Did I say your mother phoned us
You are my best love You look in good in fancy dresses
Wish we bought that one that day
I even like your old ex boyfriend
You are my best love Hardly heard and hardly spoken
Hard to talk when things are rough
Can't you hear my heart is saying
You are my best love Thanks for solving Friday's crossword
Who knew Ivan was a czar
And for having patience with me
You are my best love (You are my best love
You are my best love) Silence is not my intention
Hard to talk when things are rough
Forgive me if I failed to mention
You are my best love Things were nice in California
Loved our trip out to the coast
Did I say your mother phoned us
You are my best love Yeah you are my best love
Oh you are my best love
Yeah you are my best love
You are my best
You are my best
You are my best love
My best love
Did I mention
Did I mention
You are my best love
You are my best
(fade out)
