## Demon Hunter

Born from the fire clean,  
crawling in the dirt like war  
5 years, my mother gave a voice for war  
10, I was dead, born again with eyes for war  
By 15, hate was the name of my war

Wash me in the river,  
give me to the pain of LifeWar  
LifeWar

20 years gone,  
and father told me life was like war  
Hands to the bone, 25 years of war  
30, I wake to the sound of souls at war  
I will pass through,  
buried with the flag of my war

Wash me in the river,  
give me to the pain of LifeWar  
LifeWar
